

2017-18 Program Snapshot

JA British Columbia (JABC) offers eight educational programs to enable students to understand and experience business, inspiring and preparing them to succeed in today's global economy. JABC partners with host teachers and brings volunteers from the business community into the classroom to deliver free, interactive, hands-on learning experiences. Our programs develop financial literacy and work readiness skills, and spark the entrepreneurial spirit of our youth.

Teachers: JABC offers various delivery models to accommodate different volunteer and school schedules. Contact your local Program Manager at jabc.ca/contact for details on how a program is offered in your community. For more program background and our latest work on Curriculum Matching, visit jabc.ca/programs.

Volunteers: In addition to the time you spend with students, you will need to allow time to learn the program, attend a 1-2 hour orientation and prepare for your class visits. More details on the total time commitment for each program can be found in the JABC Volunteer Handbook at jabc.ca/volunteers.
